

Certificate of Industrial Training

Presented to

Tetala Yuva Satyanarayana Reddy

Congratulations on completing the Cisco CCENT Routing & Switching modules and Web Technology as part of the Industrial Training from Technical Hub. This hands on, task-oriented training has prepared you for exciting career opportunities in the technology industry. By completing this training, you have earned a real time understanding of Routing and Web Technologies, and acquired competencies that include the following:

Understand, Describe and Configure:

- ▶ Switching technologies.
- ▶ Dynamic routing protocols
- ▶ Distance vector routing protocols and link-state routing protocols.
- ▶ VLANs and inter-VLAN routing
- ▶ ACLs for IPv4 and IPv6
- ▶ Dynamic Host Configuration Protocol (DHCP) and Domain Name System (DNS) for IPv4 and IPv6
- ▶ HTML5
- ▶ CSS3
- ▶ Bootstrap4
- ▶ Java Script
- ▶ PHP
- ▶ MySQL

Duration : 9th May to 9th Nov, 2018
Certificate ID : THIT1800012
